

Cabot Performance Materials Belgium SPRL

July 1<sup>st</sup>, 2016

**EU REACH - Appointment of Only Representative for Untreated and Treated Alumina  
Produced by Cabot Corporation.**

Dear Valued Customer:

The purpose of this letter is to inform you of Cabot Corporation's Only Representative appointment for the EU Registration, Evaluation and Authorization of Chemicals (REACH) Regulation. If you are not your company's EU REACH manager, I thank you in advance for providing this letter to the appropriate person.

In accordance with Article 8 of Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006, we, Cabot Corporation (Cabot), of Two Seaport Lane, Suite 1300, Boston, Massachusetts, 02210, USA, the "non-Community manufacturer" of **Untreated and Treated Alumina**, have designated Cabot Performance Materials Belgium SPRL (CPMB) of Rue Prévôchamps, 78, B-4860 Pepinster, Belgium, as our Only Representative (OR) for this substance.

It is your responsibility to inform CPMB of the volume and use of **Untreated and/or Treated Alumina** imported into the European Union from Cabot each year. If you provided CPMB with volume and use information, your company shall be regarded as a Downstream User of CPMB.

As OR, CPMB will retain the required records of the annual volume and uses of the substance imported by your company from Cabot, and will ensure, where applicable, that the latest hazard communication (*i.e.*, Safety Data Sheet) on **Untreated and/or Treated Alumina** is supplied to you.

Furthermore, you are required to pass the latest hazard communication along the supply chain or ensure that details from that hazard communication are incorporated into any subsequent hazard communication documents prepared by your company.

Sincerely,

CABOT CORPORATION
